Through Attorney F. F. Bobbitt, Mrs. Belle Conley of Crab Orchard filed suit for \$3,000 damages against Curtis Egbert, alleging that he detained her and made an effort to kiss her against her will.

The will of Miss Mary Peppies was probated, leaving her estate to M. S. Peyton during his life and at his death to go to Mrs. Mary Anderson, wife of H. C. Anderson, of this city. Miss Peppies' estate was also valued at about \$4,000.

## FINE MULE KILLED.

Interior Journal  
Dear Sir:—

Last Saturday night my herd of mares and colts were stampeded by fox hounds causing them to break out of the pasture over a high gate and fence and a fine mare mule colt to break its leg. This stock is perfectly quiet and never known to break a fence before. This colt was by Mr. Sam Harris' Jack and as fine a specimen as I ever saw, I had repeatedly turned down an offer of \$125 for her and refused to price her at \$150. I shot her to relieve her of the suffering. I write this sincerely hoping it will cause fox hunters to cease further damaging me by hunting on my premises.

A. W. CARPENTER.

## Wouldn't Pay Camnitz

**LINCOLN COUNTY BOY SHABBLI  
TREATED BY PITTSBURG CLUB**

The daily papers have all carried dispatches from Pittsburgh, Pa., telling of the way the Pittsburgh National League baseball team turned down Howard Camnitz, the popular Hustonville pitcher, on \$1200 due him. The dispatch says:

There is a big row on in the Pittsburgh baseball club Howard Camnitz has gone to his home in Kentucky minus \$1200 bonus which he said had been promised him at the close of the season in case he had abstained from intoxicants throughout the season. Barney Dreyfus yesterday evening paid Camnitz in full for the season but would not pay the \$1200 bonus saying he was "not sure Camnitz had earned it." Fred Clark must make the final decision. Camnitz says he can produce 100 affidavits that he has kept sober all the season. There was a big row in the office of Dreyfus last evening when Dreyfus gave Camnitz his check. The father of the pitcher was with him and it was printed here this evening that the elder Camnitz shook Dreyfus rather roughly by the coat collar.

Dreyfus admits that both men threatened him and that he retired to his own office. The Camnitz family then left Pittsburgh according to reports, but before going the pitcher made an open address in which he criticised President Dreyfus severely, saying he would never pitch ball for him again, that Dreyfus had promised himself and Hans Wagner \$500 last year if they would win the pennant but that he had not made good to either. Dreyfus gave out an interview this evening admitting that he had exercised the anti-drinking clause in the contract of Camnitz and had withheld the \$1200 nor would he pay it unless Clark on his arrival in the morning will say it should be paid.

## Hail—Beazley

## LINCOLN'S GRANDSIRE LIVED IN LINCOLN

**INTERESTING RECORD FOUND IN  
OLD BOOK IN COUNTY CLERKS  
OFFICE.**

Surveyors' book No. 1 of Lincoln county contains an entry, by the then County Surveyor of the fact, that, on the 12th, day of December 1784, by virtue of two treasury warrants for 400 pounds each he conveyed to Abraham Lincoln 800 acres of vacant land on Green River in Lincoln county. The boundary of the land is described in that record. As this county was then a part of the State of Virginia it is presumed that the Governor of that State issued to Abraham Lincoln a patent for the land. In deed book E. on page 130 in the county clerk's office is a record of a deed dated December 24, 1803, from Mordecai Lincoln of Washington county, Ky., by which he conveys to Christopher Riffe the same boundary of land which is described in the above mentioned record of the surveyor's certificate. Mordecai Lincoln, in the deed, is styled "heir at law of Abraham Lincoln." Until the first day of January 1787 the law of Virginia was that on the death of a person owning real estate in fee simple, the title to the real estate descended to his oldest son. The biographers of President Lincoln state that his grand father was named Abraham; that he was killed in Jefferson county, by an Indian within a few years of his immigration to Kentucky and that he left three sons, Mordecai, Josiah and Thomas, the latter being the father of the president.

With the record of the surveyor's certificate is the record of the plat or map of the land and that map, in connection with fact that Gen. Christopher Riffe's old homestead is still well known to the older citizens in that section, makes it reasonably certain that the 800 acres of land so surveyed for Abraham Lincoln, the grand father, is what is known as the old Riffe farm which lies a short distance West of Middleburg in what is now Casey county. And the fact that the deed from Mordecai Lincoln shows that the consideration was four hundred pounds lawful money (about \$2,000) shows that the land had been improved into a home presumably by the father from whom Mordecai Lincoln inherited the land.

## Middleburg.

Mr. and Mrs. W. T. Miller and Q. R. Jones went to Louisville Monday. Mrs. Martha Fogle and daughter Miss Lizzie, of Danville, spent several days here last week.

J. C. Fogle is laying the foundation for a new cottage on the lot he purchased of R. B. Young some time ago.

W. G. Hatter died at his home one and a half miles south of Yosemite Sunday afternoon. He was the oldest citizen in this section. Being nearly 90 years old. His remains were laid to rest Monday afternoon by Rev. J. Q. Montgomery.

There is but little doing here at present and news items are scarce as hen's teeth. If something does not turn up soon we will be forced to jump on some inoffensive road overseer for imaginary dereliction of duty or make a suggestion as to the management of our public highways to fill up.

The price of flour has reduced some what in this market, but the baker's loaf that we get here grows smaller and beautifully less as the days go by.

## CAPT. BOGARDUS AGAIN HITS THE BULL'S EYE

This world famous rifle shot holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln Mo. Before I used backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." Shugars and Tanner.

## Paid to Cut Wires

**REMARKABLE STORY ABOUT DE-  
STRUCTION OF BASTIN LINE**

The Harriman Tennessee Record prints a remarkable story concerning the cutting down of the wires of the Bastin Telephone Company by four young men of that city. It says:

It is learned from inquiry here at home that in last April J. N. Cox, manager of the Gainsboro Telephone Company whose home is at Cookeville, Tenn., called up J. H. Baker the Harriman manager of the Cumberland Telephone Company and asked if he could get four men from Harriman who understood telephone wire to go to Danville. They were met by W. C. Moore, of Somerset, and taken to Danville. When they arrived in Danville they were told by Moore that he had four miles of private telephone wire which he wished taken down, but as he would be prevented from doing the work, by injunction, if it were started in the day time he wanted them to do it at night. They followed the instructions of Mr. Moore and were paid \$5.00 per day for their services and their expenses. They did the work that night after they got there and remained in Danville until the next day. There was no idea that there was anything unusual about the transaction other than what was told them by Mr. Moore. It seems that the line belonged to a competing company. It was some time before it was learned who had taken the wires down. Sheriff Fox came to Harriman and arrested the young men, they having been indicted in Danville. H. M. Carr, father of Herbert Carr telephoned Mr. Cox at Cookeville as soon as he learned of the trouble and was told by Mr. Cox that the Cumberland Telephone Company had been instrumental in securing him to do the work. When the case comes to trial the young men will be witnesses against the men who employed them. It is apparent that they had no idea they were being used upon as illegal piece of work and had no reason to suspect that the case was other than had been represented to them by Mr. Moore.

They will make their home in Milledgeville.

## NOTABLE NUPTIALS AT HUSTONVILLE CHURCH

**DR. TIM PENNINGTON AND MISS  
FRANCIS ADAMS ARE UNITED  
IN MARRIAGE.**

Hustonville, Ky., Oct. 20, 1910  
In the presence of a host of friends and loved ones Miss Frances Adams one of Lincoln's fairest daughters was united in marriage to Dr. Timothy W. Pennington here this afternoon. The ceremony was performed at the historic old Presbyterian church, which has witnessed so many nuptials of the loved ones of West Lincoln. Never did the stately edifice seem more in harmony with happiness of the occasion than today. It was made a lovely bower of nature through the artistic decorative work of loving hands, an altar being built of potted plants, ferns and other autumn beauties before which Rev. Cary Blain said the words which united these two young lives for aye.

The ceremony was simple yet beautifully impressive and was witnessed by an immense throng of the friends and loved ones of the bride and groom. It was an afternoon wedding and the bride wore a blue tailored suit which was very becoming. She entered the church on the arm of her brother Mr. A. J. Adams, and was met at the altar by the groom and his best man, Prof. Walter O. Hopper. The dame of honor, was Mrs. Rodman Keenon of Harrodsburg, sister of the bride, who was very attractive in a white tailored suit. Miss Ethel Petro, of Stanford, presided at the organ and played the chorus from Lohengrin as the party entered the church. Miss Bird Potet, of Harrodsburg softly sang "Why do I Love You?" and Miss Petro played a selection from Il Trovatore during the ceremony, and they left the church to the chords of Mendelssohn's wedding march. The ushers were Messrs. Charles Adams, of Hustonville, Rodman Keenon of Harrodsburg, John Owsley Reid and Welch Rochester, of Stanford.

Immediately after the ceremony they took an automobile for Junction City, where they caught the fast L. & N. train for a bridal tour to points in the south. Upon their return they will make their home in this city.

The bride is the daughter of Mrs. Martha Adams, and is very well known in Stanford where she made her home for several years while teaching in the Stanford High School. It was while she was here that Dr. Pennington wooed and won her. She is a girl of wide popularity with every one, sweet and cordial in disposition, and attractive in face and figure and will be most heartily welcomed to Stanford to make her permanent home. Of the groom too many good things cannot be said, for he is one of the most popular and prominent young men in Stanford, has built up a splendid practice in his profession of dentistry and has the respect and esteem of the entire community.

The popularity of the young couple is attested by the large number of handsome and useful presents received.

## POLITICAL ANNOUNCEMENTS

## For Circuit Judge

The Interior Journal is authorized to announce Charles A. Hardin as a candidate for Circuit Judge of the Thirteenth Judicial district, at the election to be held November, 1911, subject to the action of the Demo-

Senator Elzy Bertram is making a wonderful race for congress in the Eleventh district. The better class of republicans do not relish the candidacy of Powers, and his overweening desire to keep himself in the limelight has disgusted many who have held doubts as to his guilt of the Goebel assassination. A great many of them have pledged themselves openly to Senator Bertram while others are quietly working for him and the advices from the 11th are to the effect that if Powers is not beaten he will poll a very much reduced majority. The following, from the Legion Echo, one of the leading republican papers of the 11th District, is a fair sample of how many of the best republicans of that section look upon Powers and his candidacy. The Echo says:

"The Hon. James B. Howard, of —, was in town several days this week, and it is being quietly whispered about that he is a prospective candidate for governor. We are not in a position to vouch for the truth of this rumor, but one thing we can vouch for and that is he is fully qualified to run for governor on the Powers ticket. The most serious objections that we can see in supporting him is that we fear he would not pardon Henry E. Youtsey in time for him to make the race for the United States Senate."

## Preachersville

Mr. E. Griffin, of Griffin Station, accompanied by his wife, and Mrs. Wm. Davis, went fishing to the flat rock a few days since. The best fish caught was a blue cat which measured 28 1-4 inches long and weighed 9 1-2 pounds. In a short while another fish was held of the hook, and after a few quick moves, rushing into the middle of the river, succeeded in escaping with a good part of Mr. G's fishing tackle. It is thought to be a large blue cat which has broken many lines for the local sports, for years past, in these parts, perhaps a mate to the big one caught years ago by Henry Johnson, of color, who was a fine fisherman.

A pretty little daughter has arrived at the home of Mr. and Mrs. Grover Gaethneau in Garrard. The mother was formerly Miss Alpha Naylor, of this place.

Mrs. T. Meadows, of Williamsburg, and Miss Mary Ross, of Garrard, were visiting Mrs. Fado Parks. Messrs. Samp Cummins and J. F. Pettus have returned from a two weeks sojourn at Springfield. Mrs. J. B. Mershon, of Somerset, is visiting her sister, Mrs. W. P. White. John Bell and wife, visited John Naylor. J. T. Chadwick and daughter Miss Melsadia, visited at W. P. White's. Miss Flossie May Sutton of Lancaster is with her sister Mrs. M. O. Kennedy. Dr. Wm. Doores of Stanford was here Sunday, a guest of Mr. and Mrs. P. E. Parrish, and attended protracted meeting. He called to see his old time friend Mr. H. Blankenship, who continues quite poorly. Mr. David Adams and family are much better of fever. J. R. Rigby's children are about well. Mrs. J. M. Cress is ill of chills.

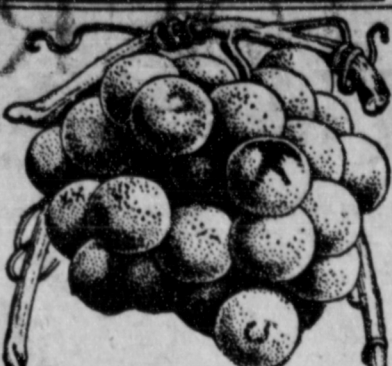

John T. Rigby sold to Harris & Woods 15 feeding cattle at 5 cents. George Brown bought 18 500 pound cattle of Sutton & Hammonds at 4 1-4 to 4 1-2 cents. D. M. Anderson sold a weanling jack colt to Wm. Shanks for \$150, also four mules to same at \$75. L. F. Thompson sold two two-year old mules for \$260 and bought a mare for \$160. Levi Bell sold an aged mule to T. J. Stigall for \$60. John T. Rigby sold about 350 bales of hay to B. D. Holtzclaw at 65 cents, and bought two calves of T. W. Napier for \$32.50. J. H. The protracted meeting of the Baptist church closed Sunday night. There were six additions. The baptism of the converts was administered Monday afternoon. J. H. McQuerry was visiting P. F. Kennedy and wife.

Mr. Bradley Wilson spoke here at W. C. Cummins's store, Thursday evening to a good sized crowd, in the interest of the tobacco pool. Mr. Wilson is an interesting speaker on a very interesting subject. His talk from start to finish was a straight forward sensible argument and was heard with closest attention. Much interest and enthusiasm shown and we believe the growers will be sensible and get on the "inside of the fence."

On account of failing health W. P. White has decided to rent his farm and sell out and go to Arizona. He will advertise in the I. J. soon. William Naylor is about to lose the sight in one eye. Mr. Henry Blankenship is about the same. We were misinformed about Mr. Frank Lynkins having typhoid, his disease being malaria. Mrs. Thomas Owens is complaining.

## REVIEW

Sunday School Lesson for Oct. 23, 1910  
Specially Arranged for This Paper

Golden Text—"And it came to pass, when the days were well nigh come that he should be received up, he steadfastly set his face to go to Jerusalem, and sent messengers before his face."—Luke 9:51.

The first element of a good review is to make it a real review, a general view of the whole period which has been studied. In this case our review covers 13 lessons, from Lesson III. of the third quarter to Lesson III. of this quarter.

The second element is that the review be made attractive and interesting. And it can be so conducted both in the class and for the whole school as to become one of the most attractive and helpful sessions of the year.

The period covered by this review extends from the summer of A. D. 29 to April 4, A. D. 30; about nine months.

The place in the life of Christ is the last part of the great Galilean ministry; the whole of the Persean ministry in the country east of the Jordan; and the last four days of Christ's public ministry, in Jerusalem and vicinity.

The Map.—Trace on the map the movements of Jesus—Capernaum, Caesarea, Philippi, Galilee, Capernaum, Jerusalem, Galilee, Persean, Jericho, Bethany, Mount of Olives, Jerusalem.

Picture Review.—Reproductions from photographs of great paintings, and of Biblical and historical places and events, (both in color and in black and white), are now so reasonable in price as to make them available for regular use in the class or Sunday school. It is a great help to the memory, if each class or each scholar makes a picture book of this part of the life of Christ. The best book for this purpose is one made for this object, of 140 pages, with a peculiar but simple back, which enables one to fill the book with pictures without at all distorting the covers, which are of heavy board covered with tasty paper. The text of Matthew's Gospel can be pasted in from some cheap edition of the Gospels, or, better, written in the words of the scholar.

Great interest can be added to the making of these volumes in various ways. They are ornamented with pen drawings. "For instance, the fact of Jesus working as a carpenter during his young manhood is happily illustrated by sketching a hammer, a jack-knife, saw, or other carpenter's tools." Maps and charts and small pictures can be cut out of disused Quaterlies; illustrations can be preserved from magazines and newspapers; small cards can be obtained with beautifully arranged pressed flowers in various natural colors, from different parts of Palestine which Jesus has made sacred, two cents each, in packages of 25.

Another Form of Picture Review.—Mrs. Estelle M. Hurl, author of a capital volume on "The Life of Our Lord in Art," advocating the greater use of pictures in the Sunday school, says: "A successful teacher of a large Bible class in one of our churches, wishing to provide something usually instructive for Review Sunday, chose this plan: she procured a large number of photographs descriptive of the life of our Lord, placed them upon the walls and upon easels in the class room, until she had the whole story told in pictures. During the session no word from her was necessary, except a few simple explanations, while the pupils passed in silence from one picture to another, taking in its beauty and its lesson at the same time. "It was the most impressive service I ever attended," said one who was there, and the whole class echoed the same sentiment as they slowly left the church.

Traveling by Stereoscopic Pictures.—These are growing more popular, being used in day schools as well as in Sunday schools, because the pictures are incomparably better than those of a few years ago. They are such life-like representations of the places where our Lord lived and walked and taught, the figures and the scenes are brought out so clearly that it is almost the same as if we were actually traveling in the Holy Land. People are more and more waking up to the likeness of the experiences that may be gained in the stereoscope to those gained by viewing them on the spot.

There are 100 pictures of Palestine, in a leather case, with a book enclosing a map and a description of the tour through the Holy Land. Of course a selection can be made of the pictures. This can be made most useful for an evening meeting with the class. It would be well for each Sunday school to own a set of these.

The Topical Review.—Let the scholars go through the lessons during the previous week, some taking one class of subjects, and others another, if they are unable to examine all thoroughly.

I. Find all the statements that were applied to the life of the apostles.

II. Find those two which contain references to children.

III. Find those which refer to marriage feasts.

IV. Find those which are based on vineyards.

V. Tell the story of each of the parables.

VI. Tell the story of the triumphal entry.

VII. What do we learn about watching?

VIII. Note the references to Christ's suffering and death.

There is more Catarrh in this section of the country than all other diseases put together, and that is because many years ago it was supposed to be incurable. For many years doctors pronounced it a local trouble and prescribed local remedies, and by constantly endeavoring to cure with local treatment, prostrated the victims. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by Dr. J. C. Hall & Co., Toledo, Ohio, is the only Catarrh Cure on the market. It is taken internally, it cures the blood and mucous surfaces of the system. They sell it in bottles of 50 cents and \$1.00. It is a sure cure for Catarrh of the bladder, prostate, and rectum. For circulars and testimonials, address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. ### Free Child's Remedy

What mother is not looking for something that will help her children in the little ills of life, something for the stomach trouble and the bowel trouble? Long ago she probably has become convinced that a child cannot readily swallow a pill or a tablet, and that to "brak" them in half and crush them is an annoyance; that usually they work too drastically, and are nauseating and too powerful for the little one's stomach. Any mother who will take the trouble of sending her name and address can obtain a free sample bottle of a remedy that thousands of other mothers are using and now paying for. This remedy is Dr. Caldwell's Syrup Pepsin, and the offer of a free trial bottle is open to any mother who has not yet used it. Having used it and convinced yourself that it is what you want, you can obtain it in the future of your druggist at fifty cents and one dollar a bottle, just as so many others are doing, the free sample being simply to convince you of its merits. It is the best way to begin on it. Mrs. L. Davis of 187 W. Harrison street, Chicago and Mrs. Mary Belford, 1710 Coke street, Louisville, Ky., both started with a free sample and now they write that they have never been without a bottle in the house since.

It is undoubtedly a great family remedy, as it is adapted to all ages, being mild and pleasant to take and yet thoroughly effective. It is especially the ideal remedy for children and women and old folks, who need something pure, mild and natural. It has the advantage of being a thorough laxative and yet contains tonic properties. Use it for the most stubborn constipation, indigestion, liver trouble, sick headache, sour stomach and such complaints with a guarantee that it will cure.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. I explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.
